

Online License Renewal Portals Open for 2012

(May 1, 2012) The Nebraska State Board of Public Accountancy (Board) announced the 2012 License Renewal Online Portals are now open. Go to the Board's website at www.nbpa.ne.gov and click on the application needed for licensure renewal. For individual renewal (Active Permits and Inactive Registrants) with dates of birth ending in an odd number please go to the online portals for renewal. A Board issued Certificate Number and password will be needed to renew along with a Visa or Mastercard credit card.

Since Firm permits and Sole Proprietor office registrations require an annual renewal, please go to the website for renewal. You should have received two separate mailings providing both your firm ID and password.

It is the Board's goal to have individuals and firms renew online. Online renewal saves time, paper, and filing by Board staff, and creates efficiencies that save the Board money! If you do have to file a paper form or have any questions regarding renewing your permit, please contact the Board office at (402) 471-3595 or email to Jo.Lowe@Nebraska.gov.
